4 Making comparisons

You want to buy a second-hand computer. Your friend has looked at some and made the notes below. Read them carefully and decide which computer to buy.

1. The Amicon only costs 600 Euros, which is quite cheap. But, to be honest, I don't think it's worth that much. Don't waste your money. You're better off spending a bit more and getting good value.
2. The Compact costs 1200 Euros, so it's pretty expensive, but it's probably worth it because it has a lot of features. In my opinion, though, it's over-priced. You can get more for your money.
3. The Packer costs about 1000 Euros. It's expensive, but it's a bargain. It has more features than computers that are twice the price.
